

PINNACLE 2500

HYBRID EURO TOP PLUSH

CAPITAL
BEDDING
SINCE 1969

- 1 NATURALLY COOL KNIT COVER**
The naturally cooling knit cover not only decreases the surface temperature of the mattress, but is also hypoallergenic.
- 2 GEL MEMORY FOAM QUILT LAYER**
Pressure-relieving gel memory foam improves the comfort of the mattress while keeping the sleeper cool.
- 3 GEL MEMORY FOAM QUILT LAYER**
Additional pressure-relieving gel memory foam adds increased comfort and cooling.
- 4 PLUSH FOAM LAYER**
The responsive plush foam layer provides additional comfort layers for an elevated feeling.
- 5 PLUSH SERENE® FOAM LAYER**
A high-performance foam designed to provide support and comfort while also helping to regulate body temperature with increased airflow.
- 6 PLUSH FOAM TRANSITION LAYER**
Transition layers work with the coil system to provide support and stability of the mattress system.
- 7 1722 NANO COIL LAYER**
Nano coils are designed to provide increased durability, responsiveness and added comfort for the sleeper.
- 8 SUPPORT FOAM LAYER**
Support foam stabilizes the mattress and helps "support" the comfort layers.
- 9 898 PERIMETER EDGE POCKETED COIL**
898 individually-wrapped pocket coils provide proper spinal alignment, decrease motion transfer, improve airflow and reduce pressure for a longer, more restful sleep experience.
